

## Cobo seal the league with narrow victory Vs. Griffins

On a fine Friday night where the weather had flirted rain all day the KLT Cobo warriors marched into battle against the #mightygriffins for a 16 over top of the table clash.

Having not won a toss all season skipper Josh continued his fine form and the warriors were stuck into bat. Not to worry though as skipper fancied it tonight and stuck himself right at the top of the order... only to be bowled second over off a straight one by the buckle express. It was not our finest hour with the bat as more early wickets gave the #mightygriffins fan club a lot to jump up and down about on the sidelines. Lee ferbreeze certainly didn't fancy it so decided to run himself out on one. At this point anything over 100 for the warriors was a bonus. A day may come when the courage of Men fails, when we forsake our friends, and break all bonds of fellowship, but it is not this day - Ollie Newey said to himself as he walked out to bat and after plinking it around the field got himself a fine 52 not out to save the night and put us up a disappointing 111 of our 16.

Knowing we needed some early wickets and a decent bowling display up front our 'quicks' were up to the task. Brebs chucking down c bombs at will to Philpy and Lukey Nuss getting the vital wicket of Luke Le Tiss. No one else from the griffins line up contributed as tight bowling from TV and Maxy put the pressure on. Jason Martin hit a fine 32 at number 3 but once Max bowled a straight one and hit the stumps it looked like we were cruising for another victory. An easy win isn't much fun for us boys so some dodgy bowling and some generous extras gifted to the opposition meant they suddenly needed 11 off the last 2 balls. Dan Le Mez knicked one fine for 4 and therefore 6 needed off the last for a draw. Brebs obviously wanted to help poor Mez out and bowled him a beautiful half volley which Mez thumped down the ground in the air. It certainly was not going for 6 but definitely was going further than the 30 yard line where I decided to start running too. Hearing ferbreeze shouting to the right of me get back you t\*\*t I made my way back and tried my very best to parry the ball all the way for 6. I failed on this mission and the ball only trickled over the line for 4. The Griffins dugout obviously did not agree with this decision of 4 as apparently if they want something to be 6 then it should be so. Some controversy followed.

So there we are another win in the books for the warriors and after a good talking to in the bar from club legend Stu le Prevost there were plenty of #tearsforthommo as well.
